

Products for POOLS AND SPAS

For more information or for a dealer near you, call us at: (888) 815-6422

HANNA[®]
instruments
With Great Products, Come Great Results™

PCA Series Chlorine Analyzers

- Stores up to 3500 data points
- Minimum maintenance
- NEMA enclosure
- CL17 compatible
- Backlit display
- Friendly interface
- DPD colorimetric method

3 Models

PCA 310 • PCA 320 • PCA 330

Free & Total Chlorine, pH, ORP & °C

BL Series Mini Controllers

Full Line Available

- Simple to install
- Monitor and control 24/7

HI 981411 pH Controller
Measures 0.0 to 14.0 pH
HI 982411 ORP Controller
Measures 0 to 1000 mV

Water Resistant Enclosures

- Versatile protection
- Houses 1 or 2 mini controllers

2 Models

HI 1211 single • HI 1222 dual

Single Parameter Photometers

Full Line Available

- Designed for pools and spas
- Measures the 4 most important parameters
- Digital readout in seconds

HI 93104
Free and total chlorine,
cyanuric acid and pH meter

Measures 0.00 to 2.50 mg/L F Cl₂;
0.00 to 3.50 mg/L T Cl₂; 0 to mg/L CYS; 5.9 to 8.5 pH

Multiparameter Photometers

Full Line Available

- Designed for pools and spas
- Easy to operate
- Tests 11 crucial parameters!

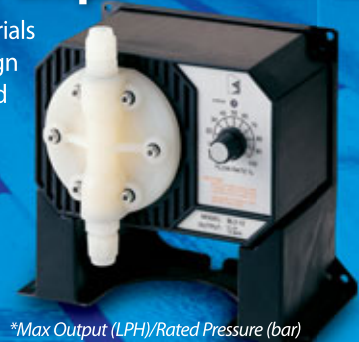

HI 83226
Alkalinity, bromine,
free and total
chlorine, free and
total copper,
cyanuric acid,
hardness (calcium), iron,
ozone and pH meter

BlackStone™ Series Dosing Pumps

Easy Install

- Quality materials
- Rugged design
- Versatility and simplicity

BL 20 18.3/0.5*
BL 15 15.2/1*
BL 10 10.8/3*
BL 7 7.6/3*
BL 5 5.0/7*
BL 3 2.9/8*
BL 1.5 1.5/13*

*Max Output (LPH)/Rated Pressure (bar)

Waterproof pH/ORP Tester

- Dual-level LCD
- Automatic temperature compensation
- Replaceable pH electrode cartridge

HI 98121 **It Floats**
pH/ORP and
temperature tester

Measures -2.00 to 16.00 pH;
±1000 mV (ORP)

Waterproof EC/TDS Tester

- Dual-level LCD
- Automatic temperature compensation
- Replaceable EC graphite probe cartridge

HI 98311 **It Floats**
EC/TDS and
temperature tester

Measures 0 to 3999 µS/cm (EC);
0 to 2000 ppm (TDS)

Waterproof pH Tester

- Dual-level LCD
- Automatic temperature compensation
- Replaceable pH electrode cartridge

HI 98127 **It Floats**
pH and
temperature tester

Measures -2.0 to 16.0 pH

Single Use Sachets Calibration Solutions

HI 70030P 12.88 mS/cm cal. solution, (25) 20 ml
HI 70031P 14.13 µS/cm cal. solution, (25) 20 ml
HI 77200P 1500 ppm cal. solution, (25) 20 ml
HI 74100P 14.13 µS/cm & pH 7 cal. solution,
(10 per value) 20 ml
HI 77400P pH 4 & 7 cal. solution, (25) 20 ml

Full Line Available
